ABOUT ME

I'm a 4th year BS Computer Science student at Tarlac State University, passionate about web and game development. I've worked on projects using Unity, Godot, C#, HTML5, and CSS. I'm also familiar with Microsoft Office applications, which I use for documentation and reporting.

EDUCATION

2021-2025
Tarlac State University
GWA: 1.4764

Bachelor of Science in Computer Science
Studied algorithm principles, and their fundamentals. Completed projects involving HTML, CSS, Python, and Java. Worked on a thesis project involving AI-driven dungeon map generation.

2019 - 2021
Tarlac National High School

TVL - Information Communication Technology
Learned basic computer operations, and hardware components. Gained hands-on experience in assembling and disassembling computer hardware. Also, developed a deeper proficiency in Microsoft Office applications

EXPERIENCE

June 2024 - July 2024
Local Government Unit (ICT Department)

Internship
Assisted with encoding beneficiary information and performing data cleaning to ensure accuracy and consistency of records. Also contributed to the development of a system for a dialysis center using TypeScript, gaining hand-on experience in real-world application development and local government process.

SKILLS

TECHNICAL SKILLS

- C#, Python, JavaScript
- Game Development
- Data Encoding, Data Cleaning
- React, Tailwind, HTML, CSS
- GSuite
- Basic Troubleshooting

SOFT SKILLS

- Team Collaboration
- Problem-solving
- Time Management
- Adaptability
